PROTESTED by Thos.R. & W.V. Odgers, October 17th, 1913.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the source and on the condition that at all times the trough which is now installed at the spring, or any trough which may be installed to take its place, of equal capacity, to-wit, 380 gallons, shall be allowed to fill with water and be available for use for stock watering purposes before any water may be taken under this permit. The right to regulate this water at any time is reserved by the State.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed one twentieth cubic feet per second. (0.05)

Actual construction work shall begin on or before June 7, 1916.

Proof of commencement of work shall be filed before July 7, 1916.

Work must be prosecuted with reasonable diligence and be completed on or before September 7, 1916.

Application of water to beneficial use shall be made on or before June 7, 1918.

Proof of the application of water to beneficial use must be filed with the State Engineer on or before July 7, 1918.

WITNESS MY HAND AND SEAL this 7th, day of January, 1916.

Cancelled APR - 3 1917 because of failure of applicant to comply with provisions of permit.

W. M. Kearney
State Engineer.
